Canada Price Increase: Residential Roofing Products

Dear Customers,

Thank you for your continued business and support as we have all responded to today's challenging market environment and the evolving impact of COVID-19.

As we have adapted to new market dynamics and increased operational costs, including investments in new technologies and improved health and safety measures, **GAF Canada ULC will increase pricing of its residential roofing products by 4-6%, effective January 1, 2021.** All orders shipped after January 1, 2021 will be invoiced at the new level.

This change will continue driving the innovation, service and support that you have come to expect from GAF, especially as we work to meet growing demand during the ongoing pandemic.

Please contact your local Territory Manager with any questions, and we remain grateful for your business.
