June 29, 2022

87 Disco Road, Etobicoke Ontario, M9W 1M3

Dear Valued Customer,

Platinum Technologies continues to develop new products to serve the commercial roofing industry and we are proud of the level of customer service we provide. We have also made great strides with the architects and consultants across the country in having Platinum products specified on thousands of projects.

As the cost of aluminum and copper has continued to increase, combined with the uncertainty around raw materials, we are implementing a price increase of 4% on most Platinum Products beginning on August 01, 2022. Termination bar (when available) and QuickStop pricing is yet to be determined.

Our updated price lists will be sent out in the next few weeks.

If you have any questions, please do not hesitate to call either Jim or myself.

We would like to thank you for your continued support.

Sincerely:

 Paul Whitehead-519-505-0179   Jim Formenton- 416-845-9668
